

Customer Services

The following is a listing of parts that are typically supplied by Sturm. This listing is not intended to be all-inclusive, but rather represents the more common descriptors of the parts Sturm produces. There may be some items that are more OEM specific such as stuffing boxes (Goulds, Durco, Warren and Allis-Chalmers) but, in general, these are the parts that we can produce for the OEMs identified on the "OEM Listing."

- | | |
|------------------|----------|
| Bearing (Sleeve) | Disc |
| Bell | Flange |
| Bowl | Flinger |
| Box, Stuffing | Housing |
| Bracket | Hub |
| Bushing | Impeller |
| Cap | Liner |
| Casing | Plate |
| Collet | Ring |
| Coupling | Shaft |
| Cover | Sleeve |
| Deflector | Slinger |
| Diffuser | |

Value-added Services & Products

- ANSI parts program for your Goulds and Durco Product**
 Stocked items including impellers, covers, shafts, sleeves, power ends and back pullouts.
- Computerized cross-reference listing (XREF)**
 Listing references OEM part numbers, models and sizes that are cross-referenced to our part numbering system. This cross-reference system supports rapid price and lead-time quotation.
- Matrix pricing**
 Available for quoting all centrifugal pump parts. Pricing can be developed from basic information that includes shape, size and material.
- Field survey team**
 Individuals that are trained to quickly and accurately acquire your parts data "on-site."

Standard Delivery Lead Times

Stock parts:	Same day
Custom parts:	
Cast part with existing pattern	2 – 4 weeks
Cast part without existing pattern and less than 20" in diameter	2 – 4 weeks
Cast part without existing pattern and greater than 20" in diameter	6 – 8 weeks
Turned parts	2 weeks

(See back page for OEMs Sturm provides replacement parts for.)

Customer Services

Sturm makes replacement parts for products manufactured by OEMs listed here.
In addition, we carry parts for agitators, refiners, stock screens, valves and turbines.
